Due the remote areas we are traveling to, weather, bad roads and other unforeseen events may cause us to make changes in the schedule or to visit different sites. We understand that if this happens Pachamama will guide us where she wants us to go!

The mission of this journey is to be in alignment with Spirit and to work for the highest good of the group. We are committed to create sacred space to support your soul's evolution by connecting with the higher energies of Power Places in Perú and Bolivia, by practicing ancient ceremonies and journeying with the medicinal plants of the Peruvian rainforest.

We welcome every one who resonates with our mission and who answers to the calling of Pachamama to return to the harmonious "ancient ways of life."
